About our Series Editor, Robert Rich, Ph.D.

Loving Healing Press is pleased to announce Robert Rich, Ph.D. as Series Editor for the *TIR Applications Series*. This exciting series demonstrates the impacts of TIR and Metapsychology in the real world.

Robert Rich, M.Sc., Ph.D., M.A.P.S., A.A.S.H. is a highly experienced counseling psychologist. His web site anxietyanddepression-help.com is a storehouse of helpful information for people suffering from anxiety and depression.

Bob is also a multiple award-winning writer of both fiction and non-fiction, and a professional editor. His writing is displayed at www.bobswriting.com. You are advised not to visit him there unless you have the time to get lost for a while.

Three of his books are tools for psychological self-help: *Anger and Anxiety: Be in charge of your emotions and control phobias*, *Personally Speaking: Single session email therapy*, and *Cancer: A personal challenge*. However, his philosophy and psychological knowledge come through in all his writing, which is perhaps why three of his books have won international awards, and he has won many minor prizes. Dr. Rich currently resides at Wombat Hollow in Australia.

Gerbode, MD, Brian Grimes, Jessica Hamblen, Jessica Hand, Hildegard Jahn, James Logan, Bob Rich, and Victor Volkman. Many people gave very generously of their time and attention to make this book possible.

A special thank you goes out to Victim Services Miami for allowing us to incorporate materials from their training manual. Also, Renee Carmody, Anna Foley and Patricia Furze were especially generous with their time and each contributed more than one article to this volume.

Appreciation also goes to the young clients who have allowed their stories to be told. Many gave their express and enthusiastic permission. In all cases, the children's names and other identifying information have been changed.

Thanks also to Victor Volkman of Loving Healing Press for permission to reprint the material relating to children from Chapters 1 and 9 from his book, *Beyond Trauma: Conversations on Traumatic Incident Reduction, 2nd Ed* (2005).

Several of the stories and articles in this book appeared in the *Applied Metapsychology International /Traumatic Incident Reduction Association Newsletter* Vols. II and III (ISSN 1555-0818) and are used with permission.

Finally, thanks to you, the reader, for taking an interest in this body of work.
